

# Old Rectory News

As we reported earlier, the building above the garage on our church property, known as the “old rectory” will be demolished in January. The prison ministry offices have vacated the space and it is ready to be razed.

There are still a few items in the building which may be of value and we are offering them to our parishioners free of charge. You will be responsible for removing, moving, and carrying whatever you take from the building by January 1. This offer is on a “first come, first served” basis. Someone will be available on Sunday, December 22 after mass to open the building for you. Feel free to come and look around at that time.

Here are some of the items:

- 2 large metal desks
- Kitchen cabinets (metal)
- Kitchen sink (with base)
- Various light fixtures
- Curtains and curtain rods
- Multiple Window air conditioning units
- Coffee maker
- Picture frames and mirror
- Toilets and bathroom sinks

- Wooden built-in book shelf—with glass doors
